

STRATEGIC PLAN 2023

Mission Statement: Empower our children to achieve their best and become life-long learners!

Our vision is 'Together we learn and grow' and is focused on improving the educational outcomes and social opportunities for our children.

Our Strategic Aims

Our Curriculum

To provide a student-centred, future-focused curriculum

Our Strategic Initiatives

Develop our future-focused local curriculum, pedagogy and student agency within innovative learning environments.

Develop effective practises to enhance learning achievement and social outcomes for all children, with emphasis on Maori and Pasifika students.

Take learning into the future by creating learning opportunities that develop and celebrate student self-efficacy and agency.

Our Strategic Actions

Develop and enhance New Pedagogies for Deep Learning (NPDL) using professional development practices, with staff.

Implement focused support and explicit programmes of learning to improve achievement outcomes for Maori and Pasifika students.

Support our students to know where they come from, who they are and where they are heading.

Students will be given explicit instruction and support that will enable them to take control of their learning, and further develop self-reflection.

Our Strategic Outcomes

Our teaching staff will be self-motivated and active drivers of their own learning and will be focused on student well-being, progress and achievement.

Our students will achieve in the core curriculum areas and be excited about learning, resulting in curious, creative, connected, actively involved and confident learners.

Our students will be able to influence the direction and scope of their learning and reflect on their progress and ways they can improve.

Our Strategic Aims

Our Strategic Initiatives

Our Strategic Actions

Our Strategic Outcomes

Our People

To have two-way relationships with students, parents, whanau and community

Strengthen home-school partnerships so parents, whanau and community are involved and supported in students learning.

Review all communication with parents, whanau and community, to ensure that there is collective understanding about how we are improving student achievement and wellbeing and what support we need from the community.

Children, parents, and teachers will learn alongside each other together in partnership.

Enhance our culturally responsive practice by engaging effectively with Maori and Pasifika, and all other cultures within our school community.

Create a connection between teacher and parent by being proactive, objective and intentional.

Parents will be engaged, connected, and informed about their child's learning.

Maximise resources and assets from the school and community in order to enhance the students learning and well-being.

Make our curriculum more visible to our parents schoolwide and help them support their children's engagement with learning.

Parents and whanau will contribute to the learning success of their children and our students will make a difference by being an active part of the community.

Our Environment

To have a learning environment that celebrates our school culture, values and people

Ensure our learning community is characterised by the school values: honesty, respect, cooperation, excellence, and curiosity.

Create an environment in which everyone feels empowered to live our vision and values.

Instil commitment to quality learning relationships, and to our values, Allenton Aces and six global competencies (6C's).

Embrace diversity and focus on equity, excellence and belonging for our students.

Create an environment in which students feel confident in their culture and identity.

All students will enjoy and achieve educational success that embraces language, culture and identities.

Invest in high-quality physical environments designed to enhance our students learning experience.

Build new and upgrade existing learning spaces in order to enhance learning opportunities and outcomes.

Teaching and learning spaces will be built and upgraded to meet the learning needs of Allenton students.
